

Eric Dalton

Lead Solutions Engineer · Enterprise Technical Pre-Sales · AI & Data Platform Strategy

Atlanta, GA | [PHONE] | [EMAIL] | linkedin.com/in/eric-dalton-se

PROFESSIONAL SUMMARY

Technical pre-sales leader with seven years at Salesforce and **\$6.3M in career closed Annual Contract Value (ACV) across 623 transactions**. Specializes in complex, multi-stakeholder new-business pursuits — owning technical discovery, solution architecture, proof-of-value delivery, and executive-level presentations for commercial and mid-market accounts across Home Services, Specialty Contracting, and Engineering & Construction. Named **Solutions Engineer of the Year** for delivering the highest single-year ACV of any Solutions Engineer in the segment, with a proven record of competitive displacement against SAP and HubSpot and orchestration of cross-functional pursuit teams including systems integrators.

CORE COMPETENCIES

Pre-Sales	Technical Discovery · Solution Architecture · Custom Demonstration Design · Proof of Value (POV) Delivery · Executive Readouts · RFP Response · Competitive Displacement · Technical Win Strategy

Technical	CRM Architecture · Quote-to-Cash / CPQ · Agentic AI & LLM Workflows · Customer Data Platforms · ERP Integration · Process Automation · Cursor, Claude, GitHub

PROFESSIONAL EXPERIENCE

Salesforce Atlanta, GA | Dec 2019 – Present

Five promotions across seven years, progressing from sales development through senior technical pre-sales leadership.

Lead Solutions Engineer Nov 2025 – Present

Technical lead for new-business acquisition across the Commercial Business Segment, covering the Home Services, Specialty Contracting, and Engineering & Construction verticals.

- Closed **\$300K+ across three six-figure deals in a single month** and entered the following quarter carrying **\$5M+ in qualified pipeline against a \$900K forecast** — recognized by the Regional Vice President as setting the standard for technical sales execution across the organization.
- Led technical win strategy on a **~\$1M competitive displacement of SAP and HubSpot**, presenting to board-level executives throughout a multi-month evaluation cycle.
- Directed a full-cycle enterprise pursuit from initial demonstration through proof-of-value delivery and executive readout, orchestrating internal Solutions, Integration (MuleSoft), and AI Architecture teams alongside external partners including PwC across **14+ working sessions**.
- Served as technical lead at a national industry conference representing the company's largest-ever sponsorship presence — delivered live AI agent demonstrations to **30+ enterprise prospects** and participated in a 30-customer executive roundtable alongside the partner's SVP of Product; named in the company-wide recap as a key contributor.
- Pioneered **AI-assisted demonstration workflows** using agentic coding tools to generate customer-specific animated assets and interactive, branded web experiences in place of static slide decks — adopted as standard practice across the segment pre-sales team.

Senior Solutions Engineer Aug 2024 – Nov 2025

Expanded scope across the SMB segment with formal responsibility for product community leadership and organization-wide enablement.

- Appointed by the Senior Director of Solution Engineering to **lead the segment's Data Cloud specialist community** — facilitated monthly strategy and enablement sessions spanning Sales, Service, Analytics, and AI product lines, serving as primary liaison between product specialists, product management, and the field pre-sales organization.
- Designed and delivered a **multi-session strategic account engagement curriculum deployed across an entire sales organization**, equipping Account Executives to identify tier-one accounts and run executive mapping exercises, architecture reviews, and reverse demonstrations — shifting team behavior from transactional to consultative selling.
- Sustained **\$1.4M and \$1.1M in annual closed ACV** across consecutive fiscal years while carrying expanded enablement and community leadership responsibilities, and mentored multiple Solutions Engineers through onboarding and career transitions.

Solutions Engineer

May 2022 – Aug 2024

Technical discovery, solution design, and demonstration delivery across a high-velocity new-business book of business.

- Delivered **\$2.9M in closed ACV across 234 transactions in a single fiscal year** — the highest single-year production of any Solutions Engineer in the segment, averaging approximately one closed deal per working day. **Named Solutions Engineer of the Year.**
- Closed a **\$275K total contract value** engagement with a high-growth immigration law firm through a fully customized CRM demonstration featuring dynamic intake forms, automated case workflows, pre-filled government form generation, and operational reporting — reducing projected case processing time by 50%.
- Architected and delivered a **CPQ and partner-portal solution** for a building efficiency distributor launching a new U.S. business unit, supporting **1,000+ SKUs** with bundled configuration, external partner user management, and bidirectional ERP integration.
- Earned **Salesforce Certified Administrator** and **Platform App Builder** certifications; recipient of the Creative Hustle Award and three-time team MVP. Designed and delivered monthly technical enablement sessions for the Account Executive organization.

Account Specialist

Apr 2021 – May 2022

- Supported Account Executives with technical discovery, solution positioning, and customer demonstrations across the commercial segment. **Self-developed and launched a foundational technical onboarding program** for incoming hires without prior SaaS experience — adopted as a standing quarterly program still in delivery five years later. **Promoted to Solutions Engineer in 13 months.**

Sales Development Representative

Dec 2019 – Apr 2021

- Generated net-new qualified pipeline for commercial Account Executives through targeted outbound programs and account research across the Atlanta market; **promoted to Account Specialist in 16 months.**

Schneider

Greater Chicago Area | Jun 2018 – Jul 2019

Account Executive

Jun 2018 – Jul 2019

- Managed a portfolio of B2B accounts across the Greater Chicago market for one of North America's largest transportation and logistics providers — driving revenue growth through consultative sales, account planning, and competitive positioning.
